

MyHomeBro Terms of Service

Effective and last updated: September 15, 2026

These Terms of Service ("Terms") are a legal agreement between you and MyHomeBro LLC ("MyHomeBro," "we," "us," or "our"). They govern your access to and use of MyHomeBro websites, applications, communications, and related services (collectively, the "Platform"). By creating an account, accepting an invitation, signing or approving a document, submitting or accepting work, or otherwise using the Platform, you agree to these Terms and our [Privacy Policy](#). If you use the Platform for a company or other organization, you represent that you have authority to bind it.

1. What MyHomeBro Is—and Is Not

MyHomeBro is a technology platform that helps homeowners, contractors, property managers, residents, vendors, and project team members organize project requests, estimates, agreements, amendments, schedules, work records, invoices, payments, expenses, warranties, refunds, and disputes.

MyHomeBro is not the contractor, property manager, employer, insurer, lender, bank, licensed escrow agent, attorney, inspector, engineer, architect, mediator, arbitrator, or court for a project. MyHomeBro does not perform, direct, supervise, guarantee, or accept responsibility for construction, repair, maintenance, or professional services. Unless a specific written document signed by MyHomeBro states otherwise, MyHomeBro is not a party to the agreement between a customer and a service provider.

Platform tools, templates, status labels, screening questions, and Project Assistant output help users organize information. They are not legal, financial, tax, engineering, safety, or other professional advice and do not replace independent judgment or qualified professionals.

2. Eligibility, Accounts, and Authority

- You must be at least 18 years old and legally able to enter binding contracts.
- You must provide accurate, current information and promptly update it.
- You are responsible for your credentials, authorized users, and activity under your account. Notify us promptly of suspected unauthorized access.
- A contractor, property manager, vendor, employee, subcontractor, or other business user represents that the person using the account has authority to act for that business and for the records or properties placed on the Platform.
- Invitations and role assignments do not create employment, agency, partnership, joint venture, fiduciary, or franchise relationships with MyHomeBro.

We may require identity, business, license, insurance, payment, ownership, or authorization information. A badge or verification status means only that the stated check was completed using information available at the time; it is not an endorsement or guarantee.

3. Marketplace and Independent Service Providers

Contractors and other service providers are independent businesses. They control their methods, personnel, pricing, schedules, licensing, insurance, permits, taxes, safety practices, warranties, and compliance with applicable law. Customers and property managers are responsible for evaluating providers and deciding whether to hire them.

Search results, matching, recommendations, availability indicators, reviews, and lead routing may use user-provided data, location, service categories, public directory information, and automated systems. They do not guarantee suitability, availability, licensure, quality, price, or outcome. Users must independently verify material facts before relying on them.

4. Estimates, Agreements, Amendments, and Electronic Records

Users may prepare, send, review, sign, accept, or store estimates, agreements, amendments, work orders, approvals, and other records. The parties—not MyHomeBro—are responsible for confirming that each document accurately states the scope, price, schedule, responsibilities, payment terms, warranty, cancellation rights, and legally required notices.

Electronic signatures, approvals, timestamps, delivery records, IP addresses, and audit events may be used to evidence a transaction. You agree that your electronic action is intended as your signature or approval when the interface says it has that effect. Signed documents and later amendments should be read together; an amendment controls only where it changes the earlier document.

Electronic Communications and Signatures Consent

You consent to receive agreements, disclosures, notices, receipts, and other records electronically at the email address, phone number, or account you provide. You may retain records by downloading or printing them. To use electronic records, you need a current browser or supported mobile device, internet access, and software capable of displaying HTML and PDF files.

You may request a paper copy or withdraw consent to electronic delivery by contacting info@myhomebro.com. Withdrawal applies prospectively, may require use of an offline process, and does not invalidate records already delivered or signed electronically. Fees for paper copies, if any, will be disclosed before they are charged.

5. Project Work, Safety, and Warranties

Service providers are solely responsible for the quality, legality, safety, staffing, sequencing, materials, permits, inspections, and completion of their work. Customers, residents, and property managers must provide lawful and reasonably safe access and disclose known conditions that could affect the work.

Any workmanship, manufacturer, statutory, or other warranty is provided by the identified warrantor, not MyHomeBro. Warranty terms and claim procedures are controlled by the applicable project agreement, warranty document, and law. A Platform warranty record helps document a claim but does not expand or replace the underlying warranty.

Either party may request a documented work pause where conditions are unsafe, hostile, inaccessible, or otherwise prevent reasonable continuation. A request is not automatically accepted, and a payment hold does not by itself stop unrelated work. Parties remain responsible for emergency safety measures and legal duties.

6. Payments, Funding, and Stripe

Payment services are provided through Stripe and, where applicable, Stripe Connect. Stripe may collect payment credentials and onboarding information directly and may impose its own terms, verification requirements, reserves, holds, limits, and processing fees. Connected account users agree to the [Stripe Connected Account Agreement](#), which includes the Stripe Services Agreement. Stripe's handling of personal data is described in the [Stripe Privacy Policy](#).

The Platform may support milestone funding, direct payments, draws, contingency funding, expense reimbursements, partial payments, refunds, and transfers. Funds may be held in a payment processor or Platform-connected balance pending an authorized release. Unless a regulated provider expressly identifies a specific arrangement as escrow, references in the interface to "escrow," "funding," or "held funds" describe a contractual payment hold and workflow—not a bank account, trust account, or licensed escrow service provided by MyHomeBro.

For Direct Pay, the contractor is the seller and the charge is created on the contractor's connected Stripe account. The contractor receives the payment without a MyHomeBro funding hold, pays the applicable Stripe processing charges, and is responsible for the underlying service, refunds, and payment disputes, subject to Stripe's rules. MyHomeBro receives only the separately disclosed application fee and may provide tools to document or initiate a refund. Milestone funding, draws, contingency funding, and other protected-payment workflows are processed separately on the Platform and remain subject to their stated authorization and release conditions.

Before authorizing a transaction, review the amount, payee, funding source, Platform fee, processor fee, and release conditions displayed in the Platform. You authorize MyHomeBro and its payment providers to create charges, transfers, refunds, reversals, and related entries that you expressly approve or that the governing agreement and these Terms permit.

Invoice Review and Release

Unless the applicable agreement clearly states a different period, a customer has 72 calendar hours after invoice notice to approve the invoice or submit a qualifying dispute. If the customer takes no action, the Platform may automatically authorize release after that period. A timely qualifying dispute pauses only the identified payment source while the dispute is active.

Contingency Funds and Expenses

Contingency funds are not automatically earned by a contractor. A contractor must submit an expense or other authorized request with the required description, amount, and supporting receipt or documentation. The customer must approve the request unless the agreement provides another clear authorization. Final receipts may adjust an approved estimate. Unused contingency funds are returned or released according to the agreement, the parties' authorization, payment-provider limitations, and applicable law.

Platform Fees

The exact Platform fee and responsible payer are shown before the relevant transaction. Unless a different disclosed promotion applies:

- the introductory rate is 3% for 60 days beginning with the contractor's first successfully paid or funded project transaction;
- the standard rate is 4%;
- the rate is 3.5% when the contractor processed at least \$20,000 through the Platform during the prior calendar month;
- the Platform fee is capped at \$750 per project, or \$650 per project while the 3.5% volume rate applies; and
- Direct Pay uses a reduced 2% Platform fee because it does not include a MyHomeBro funding hold or milestone-release protection;
- an owner-issued promotion may waive some or all of the Platform fee for the stated contractor and period.

Third-party processing, chargeback, banking, outside professional, or other separately disclosed fees are not included in the Platform fee cap. We may change fees prospectively after notice; the amount disclosed for an already authorized transaction controls that transaction.

7. Refunds, Reversals, and Chargebacks

Customers may request refunds and contractors may initiate or approve full or partial refunds for direct payments, milestone funding, draws, contingency expenses, and other supported payment types. A request does not guarantee a refund. The Platform validates the payment source, available balance, prior releases or refunds, dispute status, party authority, and payment-provider rules before money moves.

If funds have already been transferred or paid out, a refund may require the contractor to return funds, may be limited to recoverable amounts, or may need to be handled outside the Platform. Processing fees and Platform fees may be nonrefundable to the extent they cannot be recovered, unless the interface, agreement, or law states otherwise. Bank processing times apply.

A card or bank chargeback is governed by the financial institution and payment provider and is separate from the Platform's refund and dispute workflows. Users must not seek duplicate recovery through multiple processes. We may reverse related credits, pause transfers, or restrict an account while a chargeback or negative balance is unresolved.

8. Project Disputes and Administrative Holds

MyHomeBro does not charge a fee merely to open or participate in a Platform dispute. A fee may apply only if a party separately selects an outside professional or third-party service and receives the fee disclosure first.

- 1 Open and identify. A party must identify the agreement, milestone, invoice, draw, expense, or other source and give a factual reason for the dispute. A submitted concern may temporarily hold that source while qualification information is gathered.
- 2 Qualify and respond. Required information normally must be submitted within four business days, followed by one final business-day grace period. A documented extension may be granted for a reasonable cause. Missing a deadline does not automatically establish fault, but the hold may expire or the process may close based on the available record.
- 3 Source-specific hold. A qualifying dispute holds only the identified amount or payment source. Other milestones and payments continue unless a separate work pause is accepted or the parties' agreement or law requires otherwise.
- 4 No duplicate claim. A party may not repeatedly reopen the same dispute based on the same facts and payment source. Materially new facts or a different milestone may support a different claim.
- 5 Evidence and proposals. Parties may upload statements, photos, receipts, inspections, legal documents, offers, and counteroffers. Each party is responsible for the accuracy and lawful disclosure of its submissions.
- 6 Project Assistant. Automated tools may organize or summarize information and identify missing items. They do not decide validity, credibility, fault, legal rights, or who receives money.
- 7 Resolution and allocation. A split, refund, or payout requires exact-dollar instructions, validation against available held funds, and express authorization from the required parties or a dispute-linked written directive from a court, arbitrator, insurer, mediator, or other authorized outside process. Financial execution is a separate auditable action.
- 8 External remedies. If the parties cannot agree, they may pursue legal counsel, inspection, mediation, arbitration, court, insurance, licensing-board, or other remedies available under their agreement and law. They may upload the resulting written decision. MyHomeBro does not represent either party or adjudicate the conflict.

Users must preserve evidence and comply with applicable deadlines outside the Platform. A Platform status is an administrative record, not a legal judgment.

9. Project Assistant, AI, and DIY Information

Project Assistant may draft, classify, summarize, compare, recommend, or prepare content using automated systems. Output may be incomplete, inaccurate, or unsuitable. You must review it before using it, especially for scope, measurements, materials, sequencing, price, code, permits, safety, contracts, payments, and disputes.

Project Assistant cannot sign, fund, release payment, refund, publish, resolve a dispute, assign work, or send an external message without the authorization and confirmation required by the applicable workflow. Do not rely on AI output as the sole basis for a safety, legal, financial, hiring, or dispute decision.

DIY plans and material suggestions are general planning information. Follow manufacturer instructions and applicable codes, use proper protective equipment, and hire a qualified professional for hazardous, structural, electrical, gas, plumbing, environmental, or permit-sensitive work.

10. Websites, Photos, Reviews, and Public Content

You retain ownership of content you submit. You grant MyHomeBro a nonexclusive, worldwide, royalty-free license to host, process, reproduce, adapt, and display it only as reasonably necessary to operate, secure, improve, and provide the features you choose. This license ends when the content is deleted, subject to backups, legal retention, signed records, and content already shared at your direction.

You represent that you have all rights and permissions needed for uploaded content, including customer, resident, property, image, music, trademark, testimonial, and privacy permissions. Do not publish private project information, addresses, documents, or identifiable images without authorization.

Reviews and testimonials must reflect genuine experiences. Users may not create or purchase fake reviews; condition incentives on positive sentiment; suppress negative reviews deceptively; impersonate another person; or publish test, demo, or AI-generated reviews as genuine customer reviews. Imported ratings must be accurately attributed to their source and omitted when unavailable or unverified.

Contractor websites and public profiles remain under the contractor's control. Contractors must review AI-generated claims, service areas, licensing statements, contact information, portfolio work, and calls to action before publishing.

11. Communications

We may send service emails, in-app notices, push notifications, or calls relating to accounts, security, projects, signatures, schedules, payments, disputes, maintenance, and support. Where you provide the required consent, we may send transactional text messages. Message frequency varies; message and data rates may apply. Reply STOP to opt out, START to resume, or HELP for help. Consent to marketing texts is not a condition of purchase, and marketing messages require any separate consent required by law.

Opting out of texts does not stop essential notices delivered by email or in-app. Keep your contact information current. Mobile opt-in and consent information is not shared with third parties for their own marketing.

12. Acceptable Use

You may not:

- violate law, licensing rules, contracts, intellectual-property rights, privacy rights, or safety requirements;
- submit false, misleading, fabricated, discriminatory, harassing, threatening, or unlawful content;
- manipulate reviews, payments, disputes, promotions, referrals, or account identities;
- bypass fees, holds, authorization steps, security controls, or access restrictions;
- introduce malware, scrape or overload the Platform, probe vulnerabilities, or access another user's data without permission;
- use the Platform to launder money, finance prohibited activity, or conduct fraudulent transactions; or
- use personal data obtained through the Platform for unrelated solicitation or marketing without lawful permission.

13. Taxes, Records, and Compliance

Each user is responsible for taxes, reporting, licenses, permits, employment obligations, consumer notices, and records applicable to that user's activities. MyHomeBro may collect, report, withhold, or provide information where required by law or a payment provider, but does not provide tax advice.

Users should retain their own copies of material project and payment records. We may preserve signed documents, payment records, dispute evidence, security logs, and audit history after account closure where reasonably necessary for legal, financial, safety, fraud-prevention, or enforcement purposes.

14. Suspension and Termination

You may stop using the Platform, subject to active agreements, payment obligations, disputes, records, and other responsibilities. We may limit, suspend, or terminate access to protect users, comply with law or provider requirements, investigate misuse, address unpaid amounts, or enforce these Terms. When practical, we will provide notice and a reasonable opportunity to correct the issue.

Termination does not erase signed agreements, completed transactions, audit records, outstanding balances, licenses already granted for retained records, or provisions that by their nature survive.

15. Intellectual Property

The Platform, software, branding, designs, and MyHomeBro-created content are owned by MyHomeBro or its licensors and protected by law. Subject to these Terms, we grant you a limited, revocable, nonexclusive, nontransferable right to use the Platform for its intended purpose. No right is granted to copy, resell, reverse engineer, or create competing services from protected Platform elements except where law does not permit that restriction.

16. Disclaimers

TO THE MAXIMUM EXTENT PERMITTED BY LAW, THE PLATFORM IS PROVIDED "AS IS" AND "AS AVAILABLE." MYHOMEBRO DISCLAIMS IMPLIED WARRANTIES OF MERCHANTABILITY, FITNESS FOR A PARTICULAR PURPOSE, TITLE, AND NON-INFRINGEMENT. WE DO NOT WARRANT THAT THE PLATFORM, A MATCH, A PROVIDER, AI OUTPUT, A PAYMENT TIMELINE, OR A PROJECT WILL BE UNINTERRUPTED, ERROR-FREE, SAFE, ACCURATE, OR SUCCESSFUL.

Some jurisdictions do not allow certain disclaimers. Nothing in these Terms excludes warranties or rights that cannot legally be excluded.

17. Limitation of Liability

TO THE MAXIMUM EXTENT PERMITTED BY LAW, MYHOMEBRO AND ITS OFFICERS, EMPLOYEES, AFFILIATES, AND PROVIDERS WILL NOT BE LIABLE FOR INDIRECT, INCIDENTAL, SPECIAL, CONSEQUENTIAL, EXEMPLARY, OR PUNITIVE DAMAGES; LOST PROFITS, DATA, BUSINESS, OR OPPORTUNITY; OR PROJECT WORK, PROPERTY DAMAGE, PERSONAL INJURY, USER CONDUCT, OR THIRD-PARTY SERVICES.

MYHOMEBRO'S AGGREGATE LIABILITY ARISING FROM THE PLATFORM WILL NOT EXCEED THE GREATER OF (A) THE PLATFORM FEES YOU PAID TO MYHOMEBRO DURING THE 12 MONTHS BEFORE THE EVENT GIVING RISE TO THE CLAIM OR (B) \$100.

These limits do not apply to liability that cannot be limited by law and do not alter the independent obligations of customers, contractors, property managers, payment providers, or other third parties.

18. Indemnification

To the extent permitted by law, you will defend, indemnify, and hold harmless MyHomeBro and its officers, employees, and affiliates from third-party claims, losses, liabilities, damages, penalties, and reasonable legal fees arising from your work, property, personnel, content, agreement, addendum, warranty, taxes, legal violations, misuse of the Platform, or breach of these Terms. This obligation does not apply to the extent a claim was caused by MyHomeBro's own unlawful conduct.

19. Governing Law and Disputes With MyHomeBro

These Terms are governed by Texas law, without regard to conflict-of-law rules. Before filing a claim against MyHomeBro, you agree to send a written notice to info@myhomebro.com describing the issue and requested resolution and allow 30 days for an informal response.

Except for an eligible small-claims matter or a right that cannot lawfully be waived, claims between you and MyHomeBro must be brought exclusively in the state or federal courts located in Bexar County, Texas. This section governs disputes with MyHomeBro; it does not decide the forum or remedy for a project dispute between Platform users.

20. Changes and General Terms

We may update these Terms prospectively. We will post the updated date and provide reasonable advance notice of material changes when required. Material changes do not retroactively rewrite a signed agreement or an already authorized transaction. Continued use after the effective date of updated Terms constitutes acceptance where permitted by law.

If any provision is unenforceable, it will be limited to the minimum extent necessary and the remaining provisions will continue. Failure to enforce a provision is not a waiver. You may not assign these Terms without our consent; we may assign them in connection with a merger, acquisition, reorganization, or sale of assets. These Terms, the Privacy Policy, and any feature-specific terms are the complete agreement between you and MyHomeBro concerning the Platform, while each project agreement separately governs the parties to that project.
